

# Scavenger Hunt

## Welcome!

I am so happy you are here!

This is Mary Jo's Arboretum, or TREE PARK. She imagined a natural place in Sioux Falls with wetlands, gardens, and native plants—and to honor her we try to

**Nurture connections between plants and people, past and present, in an inspiring natural setting that invites discovery.**

That is our *Mission Statement*.

During your stay we want you to

1. Love something about being outside,
2. Find out something new about natural things, and
3. Be touched by history.

Remember:

**Take nothing but MEMORIES,  
Leave nothing but FOOTPRINTS,  
Kill nothing but TIME**

Be SAFE, stay with your group, and ENJOY YOURSELF!

And, when you get home, remember us!

## Photo Capture Nature on your phone!

Use the nature Scavenger Hunt checklist to find everything on your list. A good place to start is by the lower shelter. If you like, take a digital photo of your finds to discuss later.

When you "SCAVENGE" you are picking through all sorts of things to come up with things you want.

In this digital take on a SCAVENGER HUNT, you will be using your phone and a Clipboard Checklist to

**SEARCH** for, **FIND**, and **PHOTO** as many things on your list as you can.

**Working in pairs works best!**

**Good to know:**

1. Do not remove items from the park.
2. Stay with your group. You should be able to **see your Leader** at all times.
5. Take turns with photo/check-off jobs.

When you find all your items meet back at the Lower Shelter to share your discoveries and tally scores!

Time-filler questions:

What was hard to find?

What did you find that wasn't on your list?

What might you find if you came back in 1 month?
